Introduction

“Learning Enhancement Program”

The president of the principals’ organization nationwide (who is the new principal of Tondo High School) gave us the opportunity to present our new education program for students at risk of dropping out of education. The Learning Enhancement Program for the Students At Risk of Dropping Out (SARDO) focuses on the three major subjects which are the Math, Science and English subjects. My youngest daughter Gloria presented the program and everyone was excited with project. The Learning Enhancement Program will be conducted in the SIKATT Learning Center and the uniqueness of the program is the system which is (1) individualized and (2) Biblical & character based that will lead to their (3) Academic excellence.

To God be the glory!!!

Family:

Father and son for this month; I’m thankful because after me and my daughter Gloria finished the Pastor’s and Administrator’s training and just this month my son Gilbert completed the Supervisor’s/Teacher’s training. He will be part of the team that will facilitate the Learning Enhancement Program for the Students At Risks of Dropping Out (SARDO). Amazing how it had impact his life that he even wanted to do the same for his own children.

Ministry: CENTRE

God truly provides, and the collaborative efforts of the SIKATT scholars have made the Centre clean and beautiful. They also helped in promotion of the Learning Center like flyers distribution and sticker posting in the tricycles. They are also excited with the Learning, Training, Tutorials and Enhancement Programs stored for them.

SIKATT ministry exists to evangelize and educate because of that it birth the Head, Heart and Hands Learning Center which is the educational arm of SIKATT. These hopefully reach for the able and indigents children in the community.

We have new improvements in the Center and we are praying that after five years God will give the building for the ministry.
