We are excited about the opportunities we have and we are blessed to have AMEN and friends us to carry on the work that the Lord has put in our heart do in 2010.

On the 5th of January we gave 9 tailoring machine under the micro enterprise scheme. Those are Dalit women. They were very happy and testified that it is going to big blessing and will enable them to earn money for living.

All of the people who we provided tailoring machines to a year ago paid back the loans made to them and continue to use the machines to earn a living.
